cutting solutions: salsa

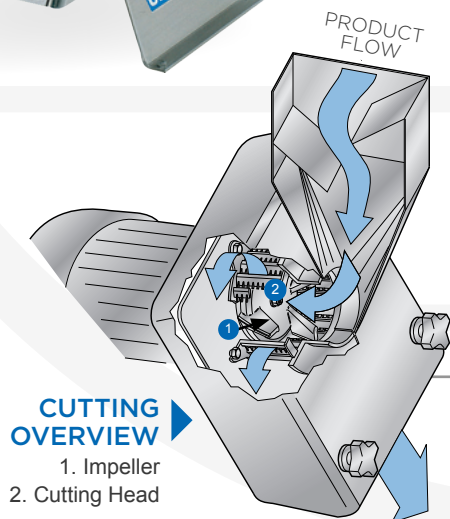

COMITROL® PROCESSOR MODEL 3600 SLANT

The versatile Comitrol Processor Model 3600 Slant effectively reduces a wide variety of salsa ingredients including peppers, onions, and tomatoes. The machine produces a number of different style cuts depending on cutting head and impeller selection. Cuts include dices/granulations and excellent coarse to fine reductions to assist in the manufacturing of quality salsa products.

The compact size of the 3600 Slant is ideal for a wide range of small volume to high capacity production environments. To learn more about this or any of the other potential cutting applications, visit www.urschel.com.
