cutting solutions: vegetable noodles

DIVERSACUT 2110A® DICER

The versatile DiversaCut 2110A Dicer produces excellent flat or crinkle strips/shreds to deliver a wide range of vegetable noodle-like cuts.

Deseeded, peeled vegetables with stem-end removed are cut lengthwise and fed into the machine. The result is a shred/strip the length of the input product. Contact Urschel to learn more about this cutting solution.

1/8" (3.2 mm) x product length x 1/8" (3.2 mm) Flat Shreds/Strips (top, left to right): Zucchini • Sweet Potato • Yellow Squash • Butternut Squash • Beet • Potato • (far right): 3/32" (2.4 mm) x product length x 1/8" (3.2 mm) Crinkle Zucchini
