CC SERIES

New Sanitation-Focused Floor Stand

TIPS

The new CC Series floor stand from Urschel features a sanitation-oriented design with versatility to accommodate different production environments.

New Sanitary Stand Benefits:

- The stand is constructed with open, angled stainless steel **(1)** and is free of hollow tubing, limiting bacterial collection points and enabling faster, more thorough washdowns.
- The stand offers potential room **(2)** to store 1-2 cutting heads, subject to stand height and CC configuration.
- Can be stationary or include optional casters **(3)** for adaptable positioning on the production floor.
- Features a similar footprint to previous stand for easy retrofit into current operations.
- Different stand heights and options are available to accommodate specific production layouts. Reach out to your Urschel contact for more information.

Model CCX-D shown.
